SUMMARY

A highly experienced and results-oriented multimedia production professional with an extensive record of success in video production, pre-production planning, multi-camera video production, location/studio lighting, content development, video editing and post-production, photography and photo editing, and audio technology. Leverages excellent communication, leadership, relationship-building, and training skills to work across diverse cross-functional teams and collaborate with internal/external partners. A highly creative and analytical producer who creates and delivers high-quality media assets that help drive achievement of organizational and brand goals.

EXPERIENCE

ILLINOIS INSTITUTE OF TECHNOLOGY, Department of Marketing and Communications, Chicago, Illinois

Video Producer, 2019-Present

Produced videos for internal and external clients, advertising, donor relations, social media, web, etc. Took a leading role in the development of a new style and tone for videos for the University. Produced photographs for University print and online communications and publications, websites, magazines, social media with a particular focus on editorial photography and portraits.

NORTHWESTERN UNIVERSITY PRITZKER SCHOOL OF LAW, Chicago, Illinois

Video and Multimedia Production Manager, 2016-2018

Developed internal media production unit to create a wide range of brand-appropriate media assets and content on short timelines and within tightly limited budgets. Produced over 100 multi-camera HD and 4K audio/video pieces for fundraising efforts, marketing, affinity group stories, Dean's podcast, VIP interviews and oral histories, social media, and donor appreciation. Orchestrated technical requirements for press conferences and live VIP events. Planned, scripted, coordinated, and edited educational content for online courses.

- Served as the sole videographer, audio recording engineer, producer, director, and editor for higher education learning environment with 110 faculty, 150 staff, and 960 students.
- Directed several VIP audio/video recording sessions, including directing retired Governor Jim Thompson; JB Pritzker; retired U.S. Supreme Court Associate Justice John Paul Stevens (in his chambers in Washington, DC); and other powerful personalities.
- Created holiday card video, receiving several accolades, including from Dean of a competing law school.
- Recorded student TED talks each year, eliciting accolades from faculty members and providing students with exposure to broadcast production.
- Produced video to showcase the institution's diversity and visibility initiative under extreme deadline and with a limited budget for a high-profile VIP event.

Audio/Video and Facilities Department Program Assistant, 2014-2016

Visualized, developed storyboards for, scheduled, shot, and edited videos. Oversaw post-production, sourced music/graphics, mastered final audio, and leveraged/managed existing media assets. Researched equipment, implemented new processes, and managed vendors. Established standards of collaboration and service in client relationships and communications.

- Impacted school brand through creation of large quantity of high-quality video content, ultimately developing new internal position in media production.
- Created and developed needs of the position, from training and speccing equipment to establishing processes, standards, and systems, completing over 100 audio/video projects.

ENTREPRENEURIAL EXPERIENCE

DAVID ETTINGER PHOTOGRAPHY, Boston, Massachusetts and Chicago, Illinois, **Business Manager and Photographer**, 1999-2016. Operated business providing photography services for local and national publications, including travel, lifestyle, executive portraiture, news, products, and events. Edited images, with extensive retouching. Archived and cataloged assets. Conducted all financial, billing, invoicing, marketing, and other business operations.
